Further to our telephone conversation of 16 February, 2010 at your suggestion I will await your further advice on the format and content of your overdue response to my FoI request of 13 January 2010 until Friday, 19 February 2010.

I understand that this further delay is to enable you to determine with your NERC counterpart the management of the request and whether it is considered necessary to engage a qualified exemption, via a public interest test, for the redaction of certain of the information held by NOC.

I reiterate that should you so wish, I will approach my Client SCANS seeking permission not to publish those parts of the information provided on the Large & Associates web site (<http://www.largeassociates.com/cz3185.htm>).
