Subject: **SCANS – INTERNAL REVIEW D/CIO/3/18/406, 22 APRIL 2010**

Thank you for your letter of 22 April 2010.¹

I am appreciative of the effort and consideration that you have expended on the Internal Review; I am grateful for your detailed explanation not only of your findings but also for your identification of each of the processes and benchmarks that you have involved in your review; and I accept each of the apologies proffered against the six separate instances of departure from and/or non-compliance with the Freedom of Information Act 2000.

However, I am disappointed you have not provided any assurance that specific management actions and processes are to be put in place within the Ministry of Defence to ensure future compliance and adherence to this Act by the MoD.
