

## JOHN H LARGE

### PUBLICATION LIST IN NUCLEAR AREA 1985 to 2005

For \*.pdf electronic versions of those papers available (mostly from about 2000) go to <http://www.largeassociates.com/PapersReports.htm>

- 1 Various confidential papers relating to R&D topics for the UKAEA from 1964 through to 1986.
- 2 *Radioactive Waste and Long Term Storage* - Evidence to House of Commons Environment Committee, August 1985
- 3 Continued Use of Dry Store Cell N<sup>o</sup> 5 for the Storage of Irradiated Fuel Elements at Wylfa Power Station, Planning Application 1/20/T/27A, LA1508-1 - Friends of the Earth, September 1985.
- 4 *Corrosion of Magnox Cladding* - Evidence to House of Commons Environment Committee, November 1985; by order of the H of C Environment Committee
- 5 *Information on the Nuclear Industry* - Evidence to H of C Environment Committee, November 1985; by order of H of C Environment Committee
- 6 Private Report on the November Incident at Hinkley Power Station - LA1693-1, Mr P Ashdown Member for Yeovil, November 1985
- 7 Assessment of the DoE Draft Report Best Practicable Environmental Options - LA 1521, National Union of Seamen, TUC Conference of 9 December
- 8 Preliminary Report and Source Reference Listing - Bedfordshire County Council/Friends of the Earth, January 1986
- 9 The Transport of Radioactive Waste in the UK - Manchester Conference, Metropolitan Boroughs, January 1986.
- 10 Background Information on the Sea Dumping Operations of Radioactive Waste to the North East Atlantic Dump Site - LA1543-1, National Union of Seamen, February 1986
- 11 *EDRP and Transportation Aspects* - Scottish Convention of Local Authorities, Dundee, February 1986
- 12 *Reprocessing Operations in the UK* - Evidence to the Paris Commission, Amsterdam, March 1986
- 13 *Radioactive Liquid Discharges* - Evidence to the Paris Commission, March 1986, Greenpeace
- 14 Private Report on the February Incident at Trawsfynydd Power Station - LA1694-1, Mr Dafydd Elis Thomas, MP for Meirionnydd Nant Conwy, March 1986
- 15 Report/Minutes of NII-L&A Meeting at Bootle - LA1563, Greenpeace, March 1986 circulated to four Members of Parliament
- 16 Preliminary Report - Lincolnshire County Council, LA1555-1/4, April 1986:
 

Supplement	1:	Structure of the UK Nuclear Industry
Supplement	2:	Volumes of Waste
Supplement	3:	Policies and Source References
Supplement	4:	BPEO Assessment
- 17 Background information on the Sea Dumping Operations of Radioactive Waste to the North East Atlantic Dump Site; Further Advice to Previous Report of February 1986 - LA1543-2, National Union of Seamen, May 1986
- 18 Explanatory Report on Low Level Radioactive Waste - LA1555-5, Lincolnshire County Council, May 1986
- 19 Critique of HMG's Initial Response to the Select Committee Report - LA1555-6, Lincolnshire County Council, May 1986
- 20 Directives for Environmental Impact Assessment - LA1555-7, Lincolnshire County Council, June 1986
- 21 Dungeness Nuclear Power Station: Background Information - LA1578-1, East Sussex County Council, June 1986
- 22 Magnox Dissolution Plant: Preliminary Report - LA1578-2, East Sussex County Council, June 1986
- 23 Nuclear Industry Response to Environment Committee Report - LA1555-8, Lincolnshire County Council, July 1986
- 24 HMG Response to Select Committee Report - LA1578-3, East Sussex County Council, July 1986
- 25 Definitions of Radioactivity and Radioactive Waste - LA1578-4, East Sussex County Council, July 1986
- 26 Briefing Questions for Visit to Dungeness Nuclear Power Station - LA1578-5, East Sussex County Council, July 1986
- 27 Alternatives to Nuclear Based Power Generation, Proposed Research Programme -Private Client, July 1986
- 28 Shortfall in PRV Tendon Pre-Stress at Hartlepool Power Station - LA1693-1, Mr F Cook, MP for Stockton North, July 1986
- 29 *Operational Features and Hazards of UK Reactors, Magnox and AGR* - IAEA Conference, September 1986, ISBN 3-923439-05-9
- 30 Magnox Dissolution Plant: Final Report - LA1578-5, East Sussex County Council, November 1986
- 31 Trawsfynydd, After Chernobyl: The Trawsfynydd Magnox Gas-Cooled Reactor - LA1630-1, Meirionnydd District Council, November 1986
- 32 Radiation Monitoring in East Sussex - LA1578-6, East Sussex County Council, December 1986
- 33 Hartlepool Nuclear Power Station - Cleveland County Council, December 1986
- 34 *Hinkley Point Power Station: Standpipe Distortion* - Evidence to the Select Committee on Energy, January 1987
- 35 *Decommissioning of Civil Nuclear Power Stations* - Evidence to Select Committee on Energy, January 1987
- 36 *Latina Nuclear Power Station* - Evidence - Italian Government, February 1987
- 37 Nuclear Power in the UK - Transcript of Address to the Italian National Conference on Energy, 26 February 1987
- 38 Planning Application C/S/1105/84: Disposal of Radioactive Chemical Sludge - LA1656-1, Cleveland County Council, March 1987
- 39 Briefing Paper for Sellafield - LA1725-1, Fire Brigades Union, April 1987
- 40 Emergency Plans for Torness - LA1725-2, Fire Brigade Union, April 1987
- 41 After Chernobyl - UK and European Perspectives - Eastern Regional Development Organisation, Dublin, May 1987
- 42 *Source Term Release and Airborne and Ground Deposition Levels in the Republic of Eire - A Model Analysis* - Eastern Regional Development Organisation, Dublin, May 1987
- 43 Private Report on AGR Fuel Stringer Instability - LA1692/3-1, Mr P Ashdown and Mr F Cook, Member for Yeovil and Stockton North respectively, July 1987
- 44 Local Liaison Committee Restructuring - LA1694-3, Mr O E Thomas, Member for Meirionnydd Nant Conwy, August 1987
- 45 Private Report on The Contamination of Flatrol 900513 at Hartlepool Power Station - LA1963-4, Mr F Cook, Member for Stockton North, August 1987
- 46 Submission to the TUC Review Body - LA1725-3, Fire Brigades Union, September 1987
- 47 The Sleeping Beasts of Windscale, article on the Windscale Piles and the 1957 Fire of Pile No 1, SCRAM J, September 1987
- 48 *Transportation of Irradiated Fuel through London* - LA1712-1, Nuclear Information Unit, 5 Pts, October 1987
- 49 Emergency Planning in the Event of an Untoward Incident at a Nuclear Plant - Greater Manchester Fire and Civil Defence Authority, February 1988
- 50 *Decommissioning of Major Radioactive Installations* - 1st Int Conf on Decommissioning Offshore, Onshore and Nuclear Works, UMIST, Manchester, March 1988
- 51 Investigations of the Allegations regarding Malpractice at the BNFL Sellafield Works - LA1827-1, Greenpeace, April 1988
- 52 *Factors Influencing the Decommissioning of Large-Scale Nuclear Plants* - Decommissioning of Nuclear Facilities, Int Sem, IBC, London, July 1988
- 53 Review of Decommissioning of Nuclear facilities - LA1840-1, Greenpeace, July
- 54 Radioactive Waste Management in the United Kingdom - Preliminary Advice prepared for Somerset County Council, LA1804-1, August 1988
- 55 Radioactive Waste Management in the United Kingdom - Modelling the Radiological Containment of Waste Repositories, Somerset County Council, LA1804-2, August 1988
- 56 Operational and Safety Features of Nuclear Installations, The Pressurised Water Reactor - Preliminary Advice prepared for Somerset County Council, LA1801-1, August 1988
- 57 Operational and Safety Features of Nuclear Installations, The Pressurised Gas Cooled Reactor - Preliminary Advice prepared for Somerset County Council, LA1801-2, August 1988

58 Review of Other Radioactive Waste Stores and Repositories - Plymouth City Council, Devonport Radioactive Waste Repository, LA1B29-1, August 1988

59 Proposal to Construct and Operate a HM Royal Naval Radioactive Waste Store at HM Royal Naval Devonport Dockyard - Plymouth City Council, LA1829-2, October 1988

60 *Decommissioning of Major Radioactive Facilities* - Int Conf, IMechE Proc, London, October 1988

61 *Transportation of Nuclear and Radioactive Materials Risk, Hazard and Consequences and Insurance* - Proc GENEVA Conf, London, October 1988

62 Decommissioning of Nuclear Power Stations - SCRAM J, August 1988

63 *Proof of Evidence PWR - Aspects of Abnormal Operation - The Safety Case*. Evidence to Hinkley Point C Public Enquiry. Somerset County Council - Consortium of Opposing Local Authorities (COLA) - January 1989

64 *Proof of Evidence PWR - Aspects of Normal Operation - The Safety Case*. Evidence to Hinkley Point C Public Enquiry. Somerset County Council - Consortium of Opposing Local Authorities (COLA) - January 1989

65 *Proof of Evidence - Consent, Regulation and Licensing*. Evidence to Hinkley Point C Public Enquiry. Somerset County Council - Consortium of Opposing Local Authorities (COLA) - January 1989

66 *Proof of Evidence - Quality Assurance - Past and Projected*. Evidence to Hinkley Point C Public Enquiry. Somerset County Council - Consortium of Opposing Local Authorities (COLA) - January 1989

67 *Proof of Evidence - Comparisons with Overseas Regulation and the Resource of HM Nuclear Installations Inspectorate*. Evidence to Hinkley Point C Public Enquiry. Somerset County Council - Consortium of Opposing Local Authorities (COLA) - January 1989

68 *Proof of Evidence - The Pressurised Water Reactor - Decommissioning*. Evidence to Hinkley Point C Public Enquiry. Somerset County Council - Consortium of Opposing Local Authorities (COLA) - March January 1989

69 *Proof of Evidence - PWR - Radioactive Waste Arisings*. Evidence to Hinkley Point C Public Enquiry. Somerset County Council - Consortium of Opposing Local Authorities (COLA) - January 1989

70 *Proof of Evidence - On Site Generation and Storage of Radioactive Wastes*. Evidence to Hinkley Point C Public Enquiry. Somerset County Council - Consortium of Opposing Local Authorities (COLA) - March 1989

71 Sinking of the USSR MIKE Class Submarine Boat, 7 April 1989 - Report on behalf of Greenpeace International - April 1989

72 Proof of Evidence - PWR at Hinkley Point C - The Health and Safety of Firefighters. The National Executive of the Fire Brigades Union - May 1989

73 Briefing Paper on Decommissioning of Nuclear Submarines and the House of Commons Defence Committee 7th Report 1988/89, for Plymouth City Council, August 1989

74 *Best Available Technology in Radioactive Waste Management* - A Discussion Paper for the Nuclear Free Local Authorities, Annual General Meeting, September 1989

75 *North Atlantic Assembly, Aspects of Controls Relating to the Non-Proliferation of Nuclear and Chemical Weapons, the Disposal of High-Level Waste, and other Nuclear Matters* - Scientific and Technical Working Party, North Atlantic Assembly, Paris, October 1989.

76 *The Use of Best Available Technology in Radioactive Waste Management*, published in proceedings of the Institution of Mechanical Engineers (IMechE) Seminar, 7-8 December 1989

77 *Decommissioning of the United Kingdom Magnox Reactor Programme* - Environment 2000 Conference, Sheffield, 12 December 1989

78 *Regulatory Research and Development*, submitted for publication in proceedings of the IMechE Seminar on Quality Assurance of Personnel for the Nuclear Industry, October 1990

79 A Review of the Operation, Safety and Future Decommissioning of USSR Nuclear Power Plants, commissioned by the Power Trust, RL 1922-A, January 1990

80 *The Hazards of Transporting Nuclear Weapons Through Urban Areas*, commissioned by the National Steering Committee of Nuclear Free Zone Local Authorities, January, 1990

81 *Decommissioning of Major Nuclear Installations*, 2nd Int Conf, UMIST, April 1990

82 *Quality Control and Performance-Related Development of the Advanced Gas-Cooled Reactor System* - Seminar on Commissioning and Operation of Advanced Gas-Cooled Reactors, IMechE, May 1990

83 Preliminary Assessment of the Gardner Research and the Uptake of Plutonium, Report to Plymouth City Council, March 1990

84 Comments and Observations of the Report of the Joint Working Group on Chernobyl, Report to the Fire Brigade's Union, April 1990

85 Occupational Radiation Dose Exposure of United States Nuclear Powered Submarine Fleet Personnel, Report to Greenpeace US, April 1990

86 Paying the Price - The Hidden Costs of the Nuclear Weapons Report to Greenpeace UK, July 1990

87 Import/Export of Irradiated Fuel and Radioactive Waste to and From the United Kingdom. Report for Greenpeace International, June 1990

88 Paper on the Visit of HMS Invincible to London, For Greenpeace UK, June 1990

89 Review of the OECD Study on the Feasibility of High-Level Radioactive Waste Disposal to the Sub-Seabed, August 1990

90 *Transportation of Radioactive Waste to and From THORP* - Conf Threat of THORP, July 1990

91 Letter to The Times, 4 July 1990

92 Letter to the Guardian, 23 August 1990

93 *Accident Hazards on Nuclear-Powered Surface Ships - Fire and Sinkings - Radiological Consequences, Symp Env and Safety Aspects of Maritime operations in the Arctic*, on board Soviet Icebreaker Vajgatsj, Norway, 4 September 1990 - RL1945

94 *Hazards of Nuclear-Powered Vessels, Fires and Sinkings, Radiological Consequences* - Atomic Energy on Sea Safety and Ecology, International Scientific Seminar of the USSR NS, Murmansk, USSR, 24-28 September 1990

95 Reactor System Defects in Royal Navy Nuclear Powered Submarines, Cause and Strategic Deployment Aspects, Greenpeace UK - RL1956-C, December 1990

96 Transportation of Irradiated Fuel through Dover - Hazard, Risk and Consequences of Severe Accidents, Seminar - Kent County Council, County Hall, Maidstone, 28 January, 1991 [Large J H, Policy and Resources Committee Kent CC Library, Kent CC, 25 Jan 1991,14]

97 *Decommissioning Nuclear Power Stations and Nuclear-Powered Submarines, 7th International Standing Conference on Low Level Radiation and Health*, Bristol City Council, 22-23 June 1991 [Large J H, proc, Int Conf Low-Level Rad & Health, 22 Jun 1991, OS]

98 *Emergency Response Planning for a Nuclear Weapons Accident, Emergency Planning '91* International Conference, Lancaster University, 8 to 11 September 1991 [Large J H & Matthews 0 (FBU), proc, Int Conf, 8 Sep 1991, 04]

99 *The Role of Firefighters in Nuclear Accidents, Emergency Planning '91* International Conference, Lancaster University, 8 to 11 September 1991 [Large J H, proc, Int Conf, 8 Sep 1991, 04]

100 *Nuclear Activities Associated with the USSR Nuclear-Powered Navy*, Greenpeace International Seminar, Violent Peace - Deadly Legacy, 23-24 September 1991, Moscow, 1991 [Large J H, proc, Sea, Greenpeace Int, 23 Sept 1991, 04]

101 *Engineering the Probability, Accidents and Risk, Survival Seminar*, Unit for the Study of Trauma and its Aftermath, Autumn Conference, The Tavistock Clinic, London, 27 September 1991 [Large J H, proc, Conf, Tavistock Clinic, 27 Sept 1991, OS]

102 The Transportation of Irradiated Fuel, London Borough of Bromley Policy and Resources Committee, Town Hall, 30 October 1991 [Large J H, Policy and Resources Committee LB Bromley, LB Bromley Library, 27 Oct 1991, 14]

103 *The Transportation of Plutonium and Irradiated Fuel Products, Hazards and Risks*, Int Conf on Plutonium, Omiya Sonic City, Omiya, Saitama, Japan 2-4, November 1991 [Large J H, proc, Int Conf Citizens Nuclear Advice - Greenpeace Int, 2 Nov 1991, 04]

104 *Decommissioning of Nuclear Reactor Systems*, Int Conference, IMechE, February 1992 [Large J H, proc, Int Conf IMechE, Feb 1992, 04]

105 Effectiveness of Emergency Planning following Chernobyl - Comparison of Measures between East and West, Legacy of Chernobyl - Lessons for the UK, Conf, National Steering Committee, Nuclear Free Local Authorities, March 1992 [Large J H, proc, Conf NSCNFLA, Mar 1992, 04]

106 Bangs in the East, Big Guns and Business, Seminar, Cowal Forum, Dunoon, 30-31 May, 1992 [Large J H, proc, Conf Cowal Forum, May 1992, 04]

107 Estimate of the Radioactive Source Terms Disposed to the Kara Sea, Greenpeace International, RL2029-b, October 1992

108 Comparison of the Radioactive Waste Arisings Generated by Reprocessing, Encapsulation and Storage of LWR and AGR Irradiated Fuels. RL2032-A, November, 1992

109 Observations and Comments of Mr Frank Cook, Member for Stockton North, on the BNFL Application to Discharge Radioactive Effluents, Public Consultation Process, submitted to the Secretary of State for the Environment, RL1016-B, January, 1993

110 *Observations and Comments of Dublin Corporation and other Irish Local Authorities, on the BNFL Application to Discharge Radioactive Effluents*, Public Consultation Process, Submitted to HM Inspectorate of Pollution, R11771-A, January 1993

111 *Decommissioning of Nuclear-Powered Submarines, Decommissioning of Nuclear Facilities*, IBC Conference, London February, 1993

112 *Nuclear Wastes in the Republics of the Former Soviet Union, Waste: Handling, Processing and Recycling*, IMechE Sem, April, 1993 London

113 *Decommissioning of Nuclear Reactor Systems*, Proc IMechE, PT A, J Power & Energy, V206, 1993

114 Environmental Aspects of the Proposed ANSTO Research Reactor and Isotopic Reactor for Lucas Heights, Australia, Sutherland Shire County, Reactor Review Commission, June 1993

115 *Irradiated Fuel: Comparison of Routes for its Management, Storage and/or Disposal*, Conf Dry Stores for Spent Nuclear Fuel, CORE, Lancaster, June 1993

116 Dispersal of Radioactive Materials from the Komsomolets Submarine, RI2052-a, August 1993

117 *Nuclear Safety in the Republics of the Former Soviet Union, Scientific Meeting, A Nuclear Future & Health and Safety Issues*, Soc Rad Protection, London October 1993

118 *A Programme of Sustainable Management for the SSN Komsomolets on the Sea Bed of the Barents Sea*, Int Sym, results of the 1993 Expedition to SSN Komsomolets, St Petersburg, January 1994

119 *The Environmental Implications of Nuclear Development*, The International Experience, Con on Nuclear Policy of a Democratic South Africa, African National Congress, Cape Town, February 1994

120 *Atomic Weapons Establishment Aldermaston Radioactive Wastes, Discharges, Commissioning and Safety Policy*, Evidence to the AWE Community Public Inquiry, Reading Borough Council, March 1994

121 *The Nuclear Fuel Cycle: Dry Storage v Reprocessing - Environmental Options, Power Generation and the Environment*, IMechE, London June, 1994

122 Sizewell C Nuclear Power Station Development, Environmental Implications of Nuclear Development, The International Experience, Suffolk County Sym, March 1994

123 *Decommissioning Nuclear Facilities*, 10th Low Level Radiation and Health Conference, Glasgow June 1994

124 Risk - The Moratorium on Nuclear Plant Construction in the UK - In Depth Assessment of the Economic, Technical and Environmental Considerations for the Future Direction of Nuclear Power - Social, Economic and Environmental Impacts of Nuclear Power, Power Trust, September 1994

125 *The Nuclear Review - Environmental Impacts of Nuclear Power, Radioactive Waste and Decommissioning*, Conf, London October 1994

126 Radiation Dose Receipt of Chatham Royal Dockyard Employees, Rochester City Council, RI2083-A1, June 1995

127 *Conversion of the Military Nuclear Complexes - the Decommissioning of the Russian Navy Northern Fleet*, IBC Conf, London January 1995.

128 *Assessment of the Particulate Distribution arising from Combustion of Orimulsion*, ASA, June 1997

129 *Export of Radioactive Waste from Taiwan to North Korea*, TOPI, Taiwan State University, Taipei, June 1997

130 *Unsafe as Houses - Analysis of the Redevelopment of R.V.A.F Enfield*, Enfield Lock Action Group Association, 1997

131 *Evaluation of the SKB High- and Intermediate-Level Radioactive Waste at Aspo, Sweden*, KBS-3, SKI, Stockholm, October 1997

132 *Radioactive Effluent and Sediment Samples offshore at COGEMA*, Cap la Hague, Greenpeace International, July 1998

133 *The Millennium - Y2k - Its Potential Consequences for Nuclear Power Plants*, Greenpeace International, August 1999

134 *Assessment of Nuclear Operations at the Laguna Verde Nuclear Power Plant*, Mexico, April 2000

135 *Analysis of the Soviet Union Armed Forces Plutonium/ Uranium Containers*, The Sunday Mirror, May 2000

136 Assessment of the DevPubSafe Emergency Plan relating to the Berthing and Refitting of Nuclear Powered Submarines at Devonport Dockyard, Mr K Tucker, Barnes Barnet Primary School, Plymouth, May 2000

137 Report to the Assembly of the 15<sup>th</sup> International Conference on Low-Level Radiation & Health, Proc 15<sup>th</sup> International Conference on Low-Level Radiation & Health, Nuclear Awareness Group, July 2000

138 *Report on the Safety of HMS Trunks while under Repair at Gibraltar*, Government of Gibraltar, jointly authored with Anup and NNC, 12 September 2000.

139 A Review of Loss of Coolant and other Catastrophic Accident Applicable to Magnox Nuclear Power Stations, October 2000, Greenpeace UK

140 Dispersion Characteristics of Unirradiated Mixed Oxides (MOX) Nuclear Fuel, Large & Associates, LR3052-a3, November 2000

141 A Review of the Ageing Processes Underway at the Wylfa Nuclear Power Station as related to Performance and Safety, February 2001, Greenpeace UK

142 Review of the Emergency Planning Measures Relating to the Berthing Royal Navy Nuclear Powered Submarines at the Clyde Bases, Petitions Committee of the Scottish Parliament, Scottish Nuclear Free Authorities, April 2001

143 *Samal Report on the Safety of HMS Trunks while under Repair at Gibraltar*, Government of Gibraltar, jointly authored with Anup and NNC, 5 April 2001.

144 Review of the Emergency Planning Measures Relating to the Berthing Royal Navy Nuclear Powered Submarines at Southampton Docks, Corporate Committee, Southampton City Council, Solent Coalition Against Nuclear Ships, May 2001

145 *Review of the Sea Transportation of Mixed Oxide Fuel: i) Transportation Risks and Hazards, ii) Physical and Dispersion Characteristics of MOX Fuel, iii) MOX Fuel, a UK Perspective*, Evidence to the New Zealand Government Foreign Affairs, Defence and Trade Select Committee, May 2001

146 *Review of the Soviet Armed Services Plutonium/Plutonium Capsules*, Sunday Mirror, May 2001

147 Transportation of Mixed Oxide Fuel, Greenpeace International, May 2001

148 Dispersion Characteristics of Mixed Oxide Fuel, Greenpeace International, July 2001

149 The Hazard and Risk Assessment relating the Nuclear Safety Case for the Salvage of The Russian Federation Nuclear Powered Submarine Kursk, Russian Federation/Mammoet-Smit, 1<sup>st</sup> Report July 2001

150 The Hazard and Risk Assessment relating the Nuclear Safety Case for the Salvage of The Russian Federation Nuclear Powered Submarine Kursk, Russian Federation/Mammoet-Smit, 2<sup>nd</sup> Report October 2001

151 *National Stakeholder Dialogue - Magnox Power Station Decommissioning*, Environment Council (UK) Magnox Electric and other participants:

- 1) Review of the Timescales Working Group Documents - May 2001
- 2) Wigner Stored Energy in the Magnox Graphite Core during and at the end of the Safestore Period - June 2001
- 3) Review of Japanese Source Papers on Decommissioning - June 2001
- 4) Potential Degradation of Concrete and Steel Structures over the Extended Safestore and Final Dismantling Period - August 2001
- 5) Potentials for Graphite Core Degradation and Instability over the Extended Safestore and Final Dismantling Period - September 2001
- 6) IAEA Paper on Issues, Technology and Developments in Decommissioning of Member States' Facilities - November 2001
- 7) Review of the Italian State Government's Intention to Decommission Latina Magnox Nuclear Power Station in the Short Term - January 2002
- 8) Radioactive Dose Rates in the Biological Shield and Reactor Pressure Vessel Regions - March 2002
- 9) Passive Civil Engineered Structures - the Civil Engineering Profession's View of Risk and Consequence - March 2002

152 *The Recovery of the Kursk*, presentation to the British Society of Nuclear Engineers, Harwell, November, 2001

153 *The Recovery of the Kursk*, presentation at the Institution of Mechanical Engineers, Brunel University September, 2001

154 *Nuclear Risks at Nuclear Facilities post 11 September*, 4<sup>th</sup> Standing Conference of Irish and UK Local Authorities, Tenby, Wales 21-22 March 2002

155 *Rethinking Nuclear Energy and Democracy after 09/11, The End of Probabilistic Risk Analysis*, International Conference, PSR/IPPNW Basel, Switzerland, April 2002

156 Uncertain Risks and Hazards relating to the Ordering and Commissioning of Finland's 5<sup>th</sup> Nuclear Reactor, Finnish National Parliament, Presentation to Members of Parliament, 15 May 2002

157 Review of the Emergency Planning Measures Relating to the Berthing of Royal Navy Nuclear Powered Submarines at Devonport, Plymouth, Plymouth Guild Hall, 2 July 2002

158 The Implications of September 11<sup>th</sup> for the Nuclear Industry, Monitor, Royal United Services Institute, London, February 2003, V2 N<sup>o</sup> 1

159 Analysis of British Energy's Submission to the Energy Review: Part 1 Advanced Reactor Programme, Wastes and irradiated Fuel Arisings, Part II The Westinghouse AP 600/1000 Nuclear Safety Case, Greenpeace UK July 2002

160 *Nuclear and Weapons Dimensions of the Recovery of the Kursk*, IBC International Conference of Decommissioning Nuclear Facilities, London, November 2002

161 *Vulnerabilities of Nuclear Plants to Terrorism*, Large J H & Schnieder M, Oxford Research Group Seminar, Rhodes House, Oxford, December 2002

162 A Review of Local Authority Off-Site Emergency Planning under the Radiation (Emergency Preparedness & Public Information) Regulations, Greenpeace UK, December 2002

- 163 The Recovery of the *Kursk*, Belgium Nuclear Society, Brussels 27 February 2003
- 164 Nuclear Terrorism – The New Nuclear Threat, 5<sup>th</sup> Conference of UK and Irish Local Authorities, Cork, 20 March 2003
- 165 The Proposed Royal Navy Z Berth at Southampton and REPPPIR, Southampton City Council, Seminar 19 March 2003
- 166 The Recovery of the *Kursk*, Belgium Nuclear Society, University of the West of England, 23 March 2003
- 167 *The Implications of 11 September for the Nuclear Industry*, J H Large, United Nations for Disarmament Research, Disarmament Forum, 2003 No 2, pp29-38, [http://www.unidir.ch/bdd/fiche-article.php?ref\\_article=1910](http://www.unidir.ch/bdd/fiche-article.php?ref_article=1910)
- 168 *The Recovery of the Russian Federation Nuclear Powered Submarine Kursk*, Society of Naval Architects and Marine Engineers, World Maritime Technology Conference, Int Conf, Sans Francisco, October 2003, <http://www.skibstekniskelskab.dk/download/WMTIC%20downloads.htm>
- 169 Report on the International Conference on the Safety of Radioactive Materials, International Atomic Energy Agency, Vienna, July 2003
- 170 The Recovery of the *Kursk*, IMechE North Western Division, Cockermouth 9 September 2003
- 171 Potential Radiological Impact Arising from a Severe Fire on Board MV Fret Moselle carrying a Consignment of Irradiated Reactor Fuel from Australia to France - Approaches to Cape Horn, R3111-A1, Greenpeace International, 6 November 2003
- 172 1) *Disposition of Surplus Weapons Plutonium Using Mixed Oxide Fuel – Comments on Opinion on the Applicability and Sufficiency of the Safety, Security and Environmental Requirements and Measures as these Apply to the Transatlantic Shipment, European Waters and France*, 2) *The Role of PNTL Ships in the Atlantic Transit Phases*, United States of America Nuclear Regulatory Commission, 26 November 2003, 3) *Summary of the Findings of the French-sourced Plutonium Dioxide Transportation*, 23 March 2004 – US Nuclear Regulatory Commission Hearing, 2004
- 173 Dirty Bomb Kits or Fruit and Veg?, Cafe Scientifique, Institute of Contemporary Arts, London, 20 January 2004
- 174 Submission to the Inquiry Committee on Rokkasho Reprocessing Plant Comprehensive Inspection [Rokkasho Saishori Shisetsu Soutenken ni kansuru Kentoukai], Meeting of 28 February 2004
- 175 *Potential Radiological Impact and Consequences Arising from Incidents Involving a Consignment of Plutonium Dioxide Under Transit from Cogema La Hague to Marcoule/Cadarache, March 2004*, Large & Associates - available on [http://www.greenpeace.org/international\\_en/multimedia/download/1/424600/0/Large\\_report.pdf](http://www.greenpeace.org/international_en/multimedia/download/1/424600/0/Large_report.pdf)
- 176 IPPNW Global Health Watch, Rethinking Nuclear Energy and Democracy after September 11, 2001, 'The Aftermath of September 11: Vulnerability of Nuclear Plants to Terrorist Attack' International Physicians for the Prevention of Nuclear War and Physicians for Social Responsibility, September 2004
- 177 Large J H, Marignac Y, Submission to the International Atomic Energy Agency - Convention on the Physical Protection of Nuclear Material (CPPNM) – IAEA InfCirc/274 & InfCirc/225/Rev.4 - IAEA Requirements on Design Basis Threat Assessment - *Non Compliance of Eurofab LTA shipment from US to France on UK Vessel: Security and Physical Protection Issues*, IAEA 20 September 2004
- 178 Joint Assessment, WISE-Paris / Large & Associates *Safety and Security Concern / FS47*, PLUTONIUM TRANSPORTS IN FRANCE, Safety and Security Concerns over the FS47 Transportation Cask, Yves Marignac, Xavier Coeytaux, John H. Large, 21 September 2004
- 179 *The Potential for a Nuclear Accident from Reactor Defect Experienced by HMS Tireless when off Sicily in May 2000*, Seminar, Gela Local Authority, Gela Sicily, December 2004
- 180 *Forensic Assessments of the Nuclear Propulsion Plants of the Submarines HMS Tireless and RF Northern Fleet Kursk*, Forensic Investigation of Power Plant Failures, Seminar, IMechE, London, March 2005.
